Professional, Academic, Administrative, and Clinical Appointments

1990 - 1995 Engineer, Assistant Plant Start Up Manager, Team Leader, General Mills Corporation, Toledo, Ohio
1995 - 2000 Senior Project Manager, McLaren Health Care Corporation, Flint, Michigan
2009 - 2011 Research Fellow, Nephrology, Vanderbilt University Medical Center, Nashville, Tennessee
2011 - 2012 Clinical Lecturer, University of Michigan Health System, Department of Internal Medicine, Division of Nephrology, Ann Arbor, Michigan

2012 - Present Assistant Professor, University of Michigan Health System, Department of Internal Medicine, Division of Nephrology, Ann Arbor, Michigan

Research Interests

My primary focus is on clinical research in the area of Chronic Kidney Disease (CKD) and its prevention, along with development of methods and tools to help facilitate and optimize patient-provider communication and improve quality in kidney disease care.

Grants

1R01 DK115844-01

Role: Principal Investigator \$1,702,503 TDC

Improving Outcomes in Kidney Disease Using Systems-Driven Education and Coaching
The proposed research is significant; it will result in a rigorously tested provider-delivered patient education tool, and an efficient process for follow up (health coaching) that supports patients early in the CKD care continuum to achieve optimal blood pressure goals. This research will deliver a streamlined and efficient patient-centered intervention that will be well-poised for dissemination into community practice settings.

Committee, Organizational, and Volunteer Service

National

2010 – 2011	American Kidney Fund, Consultant on Advisory Panel for Design and Development of Patient and Provider CKD Education Resources, Vanderbilt University Medical Center, Nashville, Tennessee
2015-2016	NIH Review Committee - Translational Research to Improve Outcomes in Kidney Diseases (R18)
2011 – Present	American Kidney Fund, Selection Committee Clinical Scientist in Nephrology Fellowship Program, Rockville, Maryland
2011 – Present	NIH, National Kidney Disease Education Program, Education Coordinating Panel, Consultant, education/outreach materials, Bethesda, Maryland
2017-present	Board of Trustees, American Kidney Fund

Institutional and Regional

2002	Founder, President, Student Interest Group, PM&R, Wayne State University Medical School, Detroit, Michigan
2003 – 2004	Advisory Panel, Student Representative, Detroit Initiative to Improve Access to Care, Wayne State University Medical School, Detroit, Michigan
2004 – 2006	Residency Council, Wayne State University Internal Medicine Program, Detroit, Michigan
2005 – 2007	Education Curriculum for Peri-Code and ACLS Situations—with clinical faculty, initiated and led the development of a voluntary curriculum for

	residents in Internal Medicine, Wayne State University Medical School, Detroit, Michigan
2008 – 2010	Hypertension Steering Committee, Vanderbilt University Medical Center, Nashville, Tennessee
2010 – 2011	Chronic Kidney Disease Task Force, Nashville, Tennessee
2012 – 2013	Clinical Performance Enhancement Group, Nephrology Division, University of Michigan, Ann Arbor, Michigan
2012 – Present	University of Michigan Fellowship Program, Interviewer, Ann Arbor, Michigan
2014 -- Present	University of Michigan Medical Residency Program, Interviewer, Ann Arbor, Michigan
2015-present	University of Michigan Engineering Student Mentor, Ann Arbor, Michigan
2016	Fellow presentation UM “Chronic renal failure: Uremia, adaptation, and Pre-ESRD management (diet, metabolic bone disease, physiology and management)” Ann Arbor, Michigan
2016	Project Healthy Schools Steering Committee Meeting “Healthy Kidneys as Part of a Healthy Life—for Kids” Ann Arbor, Michigan
2016-present	Instructor: H.S. Students at Cody high school in Detroit, Science of Wellness “Your Kidneys and You” Detroit, Michigan. Conceptualized, designed, and implemented a 2-hour didactic and lab simulation exercise and delivered it to ~90 high school students living in a high-risk area for kidney disease. Evaluations were overwhelmingly positive from both students and staff. The program is now annual.

Visiting Professorships, Seminars, and Extramural Invited Presentations

Extramural Activities

2007	CQI Project: Designed and implemented electronic note template used at the Veterans Hospital Dialysis Unit for monthly documentation
2008	CQI Project: Designed and implemented an electronic summary panel for patients seen in Nephrology Clinic
2008	Co-authored Nephrology Fellowship Guide, Vanderbilt, Nashville, Tennessee
2009	Co-authored article “Definition of Chronic Kidney Disease”, QSource Physician Newsletter, Nashville, Tennessee
2009	Co-authored article “Screening Patients for Chronic Kidney Disease: Brief Summary of Background and Summary of Screening Guidelines from the National Kidney Foundation”, QSource Physician Newsletter, Nashville, Tennessee
2009	Authored initial Draft of AHRQ Work Assignment “Screening for Chronic Renal Insufficiency in Asymptomatic Adults”, for development of CKD screening guidelines by the United States Preventative Services Task Force, Rockville, Maryland
2008 – 2010	Kidney Early Evaluation Program, Physician Volunteer for Screening Sessions
2011	VA Primary Care Outreach Program – Audio Recording for Outreach, “Chronic Kidney Disease: Definition and Screening”, Veterans Administration Hospital, Ann Arbor, Michigan
2013 – 2014	Patient Safety, Quality and Leadership Scholars Program—Completed 8 month program, consisting of 4 hour weekly of didactic and interactive educational sessions and projects to improve quality and safety within medical care. Participating scholars learn principles related to statistical process control, quality improvement, lean processes, and patient safety

for the purpose of disseminating and leading their own similar efforts within healthcare in the future.
