ACADEMIC APPOINTMENTS

- 2013 – Present **Postdoctoral Research Fellow**
Center for Bioethics & Social Sciences in Medicine, University of Michigan, Ann Arbor, MI
I am co-leading a critical case study of precision medicine tumor boards as part of the MI-OncoSeq project’s research arm committed to exploring the ethical, legal, and social implications of integrating whole genome sequencing into oncology practice. I am also engaged in psychosocial research examining healthcare provider and parent decision-making regarding genital surgery for infants born with disorders of sex development.

RESEARCH GRANTS

- 2007-2008 **Interdisciplinary Capacity Enhancement Grant**, University of Toronto
Project Title: How Online Storytelling Shapes Women’s Decisions about Birth Place and Birth Attendants
Principal Investigators: Holly Witteman & Nadine Wathen
Co- Investigators: Sarah Whyte, **Erica Sutton**, Michelle Janutka, Jackie Bender, Laura O’Grady, Kirstin Borgerson Murray Enkin, and Carolynn Prior
Funding: \$4,000

RESEARCH EXPERIENCE

- 2013-Present **Postdoctoral Research Fellow**, University of Michigan, Ann Arbor, MI
- Conducting a critical case study of the social organization of precision medicine tumour boards.
 - Organizing a deliberative democracy to elicit patient preferences regarding the disclosure of incidental findings generated through whole genome sequencing.
 - Engaged in qualitative analyses of parent interview and physician focus group data exploring decision-making regarding sex assignment and early surgery for infants born with disorders of sex development.
- 2005-2010 **Research Associate**, Women's College Hospital, Toronto, ON
- Interviewed 14 women who participated in the Women's Cardiovascular Health Initiative cardiac rehabilitation and prevention program.
 - Conducted grounded theory analysis of the data.
 - Wrote a manuscript that offers an innovative understanding of safety and place within cardiac prevention and rehabilitation programs.
- 2008-2009 **Visiting Scholar**, Ministry of Health & Long Term Care, Toronto, ON
- Conducted a review of ethics and health technology assessment (HTA) literature.
 - Attended HTA meetings to understand how government assesses new technologies.
- 2008 **Research Fellow**, Centre de recherche en droit public, Université de Montréal, QC
- Conducted a policy review of national and international newborn screening guidelines.
 - Prepared a presentation for a national conference on existing provincial protocols for storage and research conducted on stored newborn blood spots.
- 2006 **Research Assistant**, Toronto General Hospital, Toronto, ON
- Explored the experiences of family caregivers caring for individuals on continuous IV epoprostenol treatment (Flolan) for pulmonary hypertension.
 - Conducted qualitative analysis and interpretation.
- 2006-2007 **Research Assistant**, Sunnybrook Health Sciences Centre, Toronto, ON
- Engaged in theoretical and philosophical analyses of mandatory vaccination programs.
- 2003-2005 **Research Fellow**, National Human Genome Research Institute, NIH, Bethesda, MD
- Co-principal investigator on a mixed methods research protocol investigating the use of professional photo shoots and video interviews as an intervention for individuals potentially challenged by stigma associated with craniofacial conditions.
 - Conducted two qualitative research analyses of data obtained from a two-year interview study of 97 girls and women with Turner syndrome and 21 parents.
- 2002-2003 **Graduate Research Assistant**, McGill University, Montreal, QC
- Conducted extensive research on the concept of relational autonomy.
 - Helped prepare presentations for Grand Rounds and hospital education sessions.

- 2002 **Ethics Consultant Intern**, Royal Victoria Hospital, Montreal, QC
- Attended clinical ethics consultations.
 - Performed ethical analyses after consultations with patients, physicians, or social workers.
 - Attended monthly ethics committee meetings at McGill University Hospitals.
- 2002 **Bioethics Intern**, Jewish General Hospital, Montreal, QC
- Attended weekly palliative care meetings at the Hertzel Family Practice Centre.
 - Accompanied physicians and nurses on palliative care house calls, hospital rounds, and client consultations.

TEACHING EXPERIENCE

- 2014 (Feb. 19) **Guest Lecturer**, Genetics, Health Behavior, & Health Education, University of Michigan
Title: Intersex, Gender, Genetics, and Ethics
- 2004-2014 **Research Mentor**, Social & Behavioral Research Branch, National Institutes of Health
Role: To mentor summer students & research assistants on qualitative research methods
- 2010-2012 **Advanced University Teaching Preparation Certificate**, University of Toronto
- 2010 **Teaching Assistant**, Research & Program Evaluation, Department of Physical Therapy
University of Toronto
- 2009 (Feb. 6) **Guest Lecturer**, Introduction to Qualitative Research Methods, University of Toronto
Title: Learning by Doing: The Art of Interviewing
- 2005 (April 29) **Guest Lecturer**, National DNA Day, Poland High School, Poland, Maine
