EDUCATION

Westmont College, Santa Barbara, California: 9/1969 – 5/1973

B.A. (Sociology) awarded 1973

University of California, Davis: 10/1976 – 12/1981

M.A. (Sociology) awarded 1978

Ph.D. (Sociology) awarded 1981

Dissertation: *The Licensing of Midwives: An Exploration of the Interaction of Medical and Legal Institutions*. (Advisors: Dr. Edwin Lemert, Dr. Julius Roth)
(Available at: <https://hdl.handle.net/2027/uc1.x14974>)

ACADEMIC APPOINTMENTS

Professor, Center for Bioethics and Social Sciences in Medicine (*Associate Director, 8/2013 -01/2021*), Department of Obstetrics and Gynecology, Department of Medical Education, Department of Learning Health Sciences (2015), School of Medicine, University of Michigan, Ann Arbor, Michigan: *1/2006 – present (named emeritus January 2021)*.

Professor, Department of Sociology, University of Michigan, Ann Arbor, Michigan: *5/2010 – present (named emeritus January 2021)*.

Hoogleraar (Professor), University of Maastricht, Academie Verloskunde Maastricht (Hogeschool Zuyd), Maastricht, The Netherlands: *11/2010 – present (named emeritus 2020)*.

Member, School of Social Science, Institute for Advanced Study, Princeton, New Jersey: *9/2003 – present*.

Senior Fellow, Center for Bioethics, University of Minnesota, Minneapolis, Minnesota: *7/1999 – 12/2005*.

Professor, Department of Sociology and Anthropology, St. Olaf College, Northfield, Minnesota: *9/1988 – 12/2005*.

Associate Professor and Chair, Department of Sociology, Westmont College, Santa Barbara, California: *9/1983 -8/1988*.

Assistant Professor, Gordon College, Wenham, Massachusetts: *11/1981 – 8/1983*.

Lecturer, Department of Sociology, University of California, Davis: *3/1980 – 9/1980*.

RESEARCH INTERESTS

1. The regulation of science and the behavior of scientists.
2. Research ethics in clinical trials of genetic therapies and deep brain stimulation.
3. International research ethics.
4. The social, ethical, and policy issues associated with ‘voluntary’ cesarean section.
5. Premedical education

GRANT SUPPORT

A. Pending

B. Current

RO1 CA201356-01A1 (Jagsi) 08/15/2016 – 07/31/2022 1.20 calendar

National Institutes of Health \$272,028 Source Country: USA

Patient Perspectives on the Ethical Implementation of an Oncology Learning System

This goal of this study is to address critical issues of empirical bioethics that relate to consent and participant preferences for research using clinical records and data.

Role: Co-Investigator

1 RO1 CA214829-01A1 (Kardia) 02/01/2018 – 01/31/2022 1.00 calendar

National Institutes of Health \$397,702 Source Country: USA

The Lifecycle of Health Data: Policies and Practices

The proposed project seeks to identify concrete policies and practices that can better serve both people and institutions in building local, state, and national health data infrastructures necessary to maximize the potential of data throughout its life cycle.

Role: Co-Investigator

18-PAF05755 (DeVries/Kane-Low) 07/01/2018 – 08/31/2021 1.20 calendar

Greenwall Foundation \$210,944 Source Country: USA

The Ethics of Electronic Fetal Monitoring: The Intersection of Ethics, Law, and Everyday Medical Practice

The goal of this project is to explore the barriers to the clinical use of the best evidence about EFM and to use the findings to develop evidence-based and ethical guidelines for EFM that will improve the process of informed consent for the almost 4 million women who give birth annually.

Role: Co-Principal Investigator

VA IPA - Effectiveness, Safety, and Patient Preferences of Infliximab Biosimilar Medications for Inflammatory

Bowel Disease

For patients with IBD, biologic medications are often prescribed to help manage their disease. Biosimilars are copy versions of biologic medications and have recently been approved for use in immune conditions. Biosimilars for immune conditions have been shown in early studies to have similar efficacy as original biologics and are available at a significantly cheaper cost. Many patients and providers have concerns regarding the safety and effectiveness of biosimilar switching as they are not identical medications. This aim of our study will examine Veteran's views of acceptance of biosimilar switching.

Role: Co-Investigator

*Title: UtiliZing health information for Meaningful impact in East Africa through Data Science (UZIMA-DS) *Major Goals: This project will utilize a mHealth tool, the MiGene Family History App, and the longstanding collaboration between St. Paul's Hospital Millennium Medical College (SPHMMC) in Ethiopia and the University of Michigan to develop multimodal prediction models utilizing machine learning (ML)-based methods for hypertension, cancer, chronic kidney disease, type 2 diabetes and cardiovascular disease. *Status of Support: Active *Project Number: 1-U54-TW-012089 *Name of PD/PI: Waljee *Source of Support: Aga Khan University (direct); NIH (prime) *Primary Place of Performance: University of Michigan, Ann Arbor *Project/Proposal Start and End Date: (MM/YYYY) (if available): 09/2021-06/2026 *Total Award Amount (including Indirect Costs): \$1,299,987 *Person Months (Calendar/Academic/Summer) per budget period.

Advanced Prediction Models to Optimize Treatment and Access for Veterans with Hepatitis C

The overall goal of this project is to introduce prediction models for the optimization of treatment and access for veterans with Hepatitis C. Algorithms will be developed and implemented with the assistance of a process of intervention mapping, which allows the identification of barriers and facilitators to the use of new interventions in clinical settings.

Role: Co-Investigator

National Center for Ethics in Health Care

Eliciting Veteran's Preferences Regarding Risks, Benefits, and Trade Offs During Consent

In this study, democratic deliberations sessions eliciting Veterans' preferences regarding risks, benefits, and trade offs during consent in different clinical situations will be conducted. The findings will help guide VHA clinicians as they interpret Veterans'

consent in clinical situations where a family member may disagree with a Veteran's previously stated preferences.

Role: UM Principal Investigator

National Institutes of Health

09/20/13 – 06/30/17

Public Preferences For Addressing Donors' Moral Concerns About Biobank Research

The goals of this project are 1) to assess the potential impact of non-welfare interests on biobank research using a national survey and 2) to obtain considered, informed judgments of the public regarding how to handle the tension between the public good of biobanks and the conflicting non-welfare interests of potential donors by means of democratic deliberation.

Principal Investigator, \$528,131/yr

National Institutes of Health

1UM1HG006508-01A1 (PI: Chinnaiyan)

07/19/13 – 05/30/18

Exploring Precision Cancer Medicine for Sarcoma and Rare Cancers

The overall goal of this project is to bring together expertise at the University of Michigan including clinical oncology, cancer genetics, genomic science/bioinformatics, clinical pathology, social and behavioral sciences, and bioethics in order to implement clinical cancer sequencing of patients with sarcomas and other rare cancers to enable the detection of clinically significant molecular lesions (point mutations, insertions/deletions, gene fusions and rearrangements, outlier expressed genes, and amplifications/deletions).

Co-Investigator, \$1,312,107/yr

03/01/2009 – 02/28/2014

Therapeutic Misconception and Neurosurgical Trials with Sham Controls

This project's main aim is to describe in depth from the subjects' perspective their decision whether to participate in Parkinson's Disease neurosurgical clinical trials that involve a sham surgery control. using a semi-structured interview method (Conditional Probe Interview) developed to provide an in depth account of the subjects' motivations, expectations, understanding, and decision-making process-emphasizing the subjects' rationale for each and the relationship between them. Principal Investigator, \$2,100,000.

Netherlands Organization for Health Research and Development (ZONmW),

“External validity and impact of first-trimester obstetric prediction rules in the Netherlands: PI: M.E.A. Spaanderman, 12/01/2012-11/30/2016, Commissie lid

(Commission member), € 250,000.

PCORI, “Public deliberations about patient centered outcomes research priorities” PI: Susan Goold, 9/1/2012-8/31/2014, Co-investigator, \$261,694.

World Bank, “Expanding Obstetric Capacity and Training for OBGYNs in sub-Saharan Africa, with an e-learning Initiative” 11/1/2013 – 12/31/2014, Consultant, \$100,000.

M-Cubed (University of Michigan), “The making of a physician: the moral aspects of premedical and medical education” 9/1/2013 – 8/31/2014, Cube leader, \$60,000.

University of Michigan Comprehensive Cancer Center (Discovery Fund), “Preparing Research on Ethical and Psychosocial Issues in Cancer Genome Sequencing,” PI: Scott Roberts, 11/1/11-10/31/12, Co-investigator, \$40,000

National Institutes of Health, “Integrity in International Research Collaborations,” PI: Melissa Anderson 05/01/2009 – 04/30/2011, Co-investigator (10%), 250,000.

National Institutes of Health, “A Study of the Factors Influencing Women's Decision about Childbirth,: PI: Mary Regan, 9/1/2009 – 8/31/2011 Co-investigator (15%), \$295,631. (R21 HD059074)

University of Michigan, President’s Ethics in Public Life Initiative, “Premedical Education and the Moral Foundations of Health Care,” 7/15/2009 – 6/30/2010, Principal Investigator, \$11,300.

National Institutes of Health, “Translational Research Ethics and Integrity Program (TREIP) Consultative Unit,” University of Michigan Clinical and Translational Science Award (UM CTSA), PI: Daniel Clauw, 09/30/06 - 09/29/11, Co-investigator, (10%), \$9,413,054.

National Institutes of Health, “Ethics of Surrogate Consent for Dementia Research,” PI: Scott Kim, 09/15/2007 – 06/30/2011, Co-investigator (12%), \$1,936,000.

National Library of Medicine Publication Grant, “Medicine and Medical Research in the Age of Bioethics,” 4/01/2007 – 3/31/2011, Principal Investigator (22.5%), \$224,000.

Levy-Church Foundation, “Breast Health Fellowship Evaluation,” PI: Mark Pearlman, 06/01/08 – 06/30/09, Co-Principal investigator, 100,000.

HONORS AND AWARDS

Fellow, Hastings Center, Garrison New York. 2019.

Raymond Sackler Lecturer, Tel Aviv University and the Sackler Institute for Advanced Studies, Tel Aviv, Israel, 11/2012.

Erasmus Mundus Visiting Fellow, Catholic University, Leuven, Belgium, funded by the European Union, 9/15/2006 – 12/15/2006.

“Scientists behaving badly,” (in *Nature*, vol. 435, 9 June 2005) named one of “Top 100 Stories of 2005” The Year in Science, *Discover Magazine*.

Member, School of Social Science, Institute for Advanced Study, Princeton, New Jersey, 2003- 2004.

Council for the International Exchange of Scholars, Senior Specialist Award to *Universiteit Maastricht*, the Netherlands, 2002, Principal Investigator.

Majorie Karmel Award (for outstanding contributions in the field of childbirth education and family centered maternity care), by Lamaze International, 1993.

Regent’s Fellowship, University of California, 1979-80; 1980-81.

Research Fellow, National Health Care Management Center, 1978-79.

“Law in the Colonial Situation: A Dynamic Analysis.” Paper receiving Honorable Mention in Eastern Sociological Society’s Candace Rogers Graduate Award Competition, 1978; and Second Place in Pacific Sociological Association Graduate Student Paper Competition, 1978.

COMMITTEE, ORGANIZATIONAL, AND VOLUNTEER SERVICE

a. Institutional

Member, Core faculty, Medical Ethics Path of Excellence, 2013- present

Member, Adult Ethics Committee, UMHS, 2007 - present.

Member, Standing Advisory Committee on NAGPRA, 2009 - present

Member, National Science Foundation RCR Task Force, 2009.

b. Local

Board Member, Doulas Care, Ann Arbor, MI. 2009-2012.

Leader, Rite-13 Youth Program, St. Clare's Episcopal Church, Ann Arbor, MI. 2009-2011.

Member, Adult Education Committee, St. Clare's Episcopal Church, Ann Arbor, MI.

c. Regional

Organizer and Presider, Session "Health Systems in a Cross National Perspective," Midwest Sociological Society meetings, Des Moines, 4/1997.

Organizer and Presider, Session on the Sociology of Bioethics, Midwest Sociological Association Meetings, Kansas City, 4/1992.

Member, Midwifery Study Advisory Committee, Minnesota Department of Health, 1991-1992.

Member, Minnesota House of Representatives Midwifery Legislative Coordinating Committee, 1989-1990.

c. National

Organizer and Moderator, Workshop: Improving Your Skills in Empirical Ethics: From Apprentice to Artisan, American Society for Bioethics and the Humanities annual meeting, Washington, DC, 10/2012.

Presider, What Changes and What Stays the Same When Science Is Done Internationally? Challenges and Tensions in International Research Collaborations, Conference sponsored by the Office of Research Integrity, Minneapolis, MN 10/2008

Member, Chaplaincy and Health Care Quality Improvement task force, The Hastings Center, Garfield, NY. 2007.

Participant, *IRB Best Practices in the Review of Social and Behavioral Sciences Research*, organized by the Social and Behavioral Sciences Working Group on Human Research Protections with funding from the Office of Social and Behavioral Science, National Institutes of Health, 7/2003.

Organizer and Presider, “Navigating the IRB: Reducing the FQ (Frustration Quotient),” American Sociological Association annual meeting, Chicago, IL, 8/2002.

Organizer, “On the cutting edge: new directions in surgical ethics.” American Society of Bioethics and the Humanities annual meeting, Baltimore, MD, 10/2002.

Organizer and Presider, “Observing Ethic(ist)s: Reflections on the work and profession of ethics,” *and* “Social Science and Bioethics: Perspectives from the International Community.” American Society of Bioethics and the Humanities annual meeting, Nashville, TN, 10/2001.

Organizer and Presider (with Jonathan Imber), Session on Bioethics and the Challenge of Democratic Participation, American Sociological Association meetings, Los Angeles, CA, 8/1994.

Presider, Session on Bioethics and AIDS, American Public Health Association meetings. San Francisco, CA, 11/1993.

Organizer and Presider, Session on the Social Construction of Bioethics, American Public Health Association meetings, Washington, D.C., 12/1992.

Organizer and Presider, Session on the Teaching of Medical Sociology, American Sociological Association annual meeting, 8/1989.

Organizer and Presider, Session on Teaching Sociology at the Religiously Affiliated Liberal Arts College, American Sociological Association annual meeting, 8/1989.

Member, Advisory Board of the Parent's Coalition for Home Birth, 1989-1990.

Member, Certification Council of Lamaze International, Washington, D. C. 1988-2006.

d. International

Invited Participant, European Science Foundation-Office of Research Integrity (NIH) First World Conference on Research Integrity: Fostering Responsible Research (A Portuguese European Union Presidency and European Commission Event), Lisbon, Portugal, 9/2007.

Co-Organizer and Presider, "The Sociology of Bioethics." International Sociological Association, Durban, South Africa, 7/2006.

Co-Organizer and Presider, "Cross-Cultural Bioethics." International Sociological Association, Gothenburg, Sweden, 7/2010.

CONSULTING POSITIONS

Consultant, "Understanding Barriers to Living Donor Lung Transplant," Maryam Valapour, Principal Investigator, NIH grant, 1K23HL076210, Center for Bioethics, University of Minnesota, 2006-2011.

Consultant, "Procedural Justice, Identity, and Research Integrity." Brian Martinson, Principal Investigator, Health Partners Research Foundation, Minneapolis, MN, 2005-2007.

Consultant, School of Medicine, McGill University, Montreal, Quebec, for the evaluation of a proposed educational program for midwives, 8/1998.

Consultant, California Department of Consumer Affairs, Sacramento, California, 4/1980 – 4/1981

VISITING PROFESSORSHIPS AND/OR SEMINARS

Raymond Sackler Lecturer, Tel Aviv University and the Sackler Institute for Advanced Studies, Tel Aviv, Israel, 11/2012.

Invited Seminars, Tokyo University and Kyoto University, Japan, 3/2007.

Visiting Professor, Katholiek Universiteit Leuven, Belgium, 9/2006 - 12/2007.

Visiting Professor, Universiteit Maastricht, Netherlands, 9/2002 - 12/2002.

Books (*In the social sciences, books are peer-reviewed, highly regarded, and necessary for recognition as a serious scholar. Without a book, a junior scholar will not be tenured or promoted. In particular, monographs are seen as critically important contributions to the field; each chapter counts as one peer-reviewed article.*)
